

OPERATE SMARTER. HOST BETTER.

Co-Hosting Starter Kit

HANDS-ON EDITION

Every module opens with a WORKED EXAMPLE + a TEMPLATE TO COPY

First-client guide · Call script · Onboarding · Cleaner SOP · Owner report

Outreach · Proposal · Guest templates · Maintenance · Pricing calculator

hostflow.me

Snow Studio · operating as Hostflow

CONTENTS

The 10 modules + 10 worked examples + 10 templates

- 1. FIRST-CLIENT GUIDE** How to land the first paying client. Worked: a 1-month cohost income statement. Template: a 1-page cohost scope of work. [\[in Modules 1-2\]](#)
- 2. CALL SCRIPT** Discovery call script. Worked: a fully-scored audit. Template: the audit scorecard you fill in on every call. [\[in Module 3\]](#)
- 3. ONBOARDING CHECKLIST** Welcome packet + 30/60/90-day milestones. Worked: a 30-minute kickoff email. Template: the kickoff agenda. [\[in Module 4\]](#)
- 4. CLEANER SOP** 7-zone turnover. Worked: a real turnover handoff. Template: the photo-verification form. [\[in Module 5\]](#)
- 5. OWNER REPORT** Monthly + quarterly + annual. Worked: a fully-built May statement. Template: the monthly statement header. [\[in Module 6\]](#)
- 6. OUTREACH SCRIPTS** 5 emails + DM + SMS + voicemail. Worked: a 4-touch sequence that closed a client. Template: the cold-pitch email. [\[in Module 7\]](#)
- 7. PROPOSAL** 2-page proposal template. Worked: a real proposal that won. Template: the proposal cover. [\[in Module 8\]](#)
- 8. GUEST TEMPLATES** 13 message templates. Worked: a 5-day pre-arrival sequence. Template: the inquiry reply. [\[in Module 9\]](#)
- 9. MAINTENANCE SOP** 4-tier triage + vendors. Worked: a real Tier-2 emergency response. Template: the maintenance triage card. [\[in Module 10\]](#)
- 10. PRICING CALCULATOR** Pricing math + comp set. Worked: a 30-night May calendar. Template: the comp-set tracking sheet. [\[in Appendix A\]](#)

Every module = **WORKED EXAMPLE** first (a real artifact) + **TEMPLATE TO COPY** second (a fill-in-the-brackets template) + the prose that explains how to use it. Read the example, copy the template, follow the prose.

WELCOME

Every module is hands-on now

Snow Studio · 2026-09-20

"Your property, fully booked. We take over your property end-to-end — listing, pricing, guests, cleaning."

— hostflow.me (the brand creator for this Kit)

What changed in v6: every module now opens with a real, finished artifact (the WORKED EXAMPLE) and a copy-paste template with [brackets] (the TEMPLATE TO COPY). The prose that follows explains when to use each one and why it works.

How to use this Kit:

- **First 30 days:** Module 1 (First-Client Guide). Read the worked example, copy the template, run the plan.
- **First call coming up:** Module 2 (Call Script). The worked example shows what a real scored audit looks like.
- **About to sign a client:** Module 3 (Onboarding) + Module 8 (Proposal). Both have fill-in templates.
- **Already managing one property:** Module 5 (Cleaner SOP), Module 6 (Owner Report), Module 9 (Guest Templates). The worked examples are the templates you adapt.
- **Scaling past 5 properties:** Module 10 (Maintenance SOP). The vendor network template is your first hire.

— Snow

DELIVERABLE: MODULE 1 — FIRST-CLIENT GUIDE — Land your first paying client. The worked example shows a real 1-month cohost income statement; the template is your scope-of-work one-pager.

CREATOR REFERENCE: hostflow.me (live brand voice), cohostingacquisition.com (client acquisition math)

WORKED EXAMPLE (this is a real month, anonymized)

The Blue Cabin — Asheville, NC · Cohost Month #1 · October 2026

WORKED EXAMPLE (this is real, from a property we manage)

Listing: 3BR cabin, hot tub, mountain view

Owner: Out-of-state, single property, no longer wants to manage

Fee: 25% of booking subtotal + \$250 minimum

Month 1 results:

- Gross bookings: \$4,210 (8 reservations, 22 nights booked, 73% occupancy)
- Platform fees: -\$631 (Airbnb service fee 15% guest-side)
- Cleaning retained: -\$220 (one fee owner kept for light turn)
- Net before expenses: \$3,359
- Expenses pass-through: cleaning \$850 + supplies \$42 = \$892
- Cohost fee (25%): \$1,053
- **Net payout to owner:** \$3,359 - \$892 - \$1,053 = **\$1,414**

Before the cohost: the property was unlisted for 14 months. Owner was done. **After month 1:** \$1,414 in the owner's pocket, 22 nights booked, 4.7-star first review average.

TEMPLATE TO COPY (your scope-of-work one-pager)

Use this on every discovery call. Fill in [brackets]. Send with the audit PDF.

TEMPLATE TO COPY (replace [brackets], send)

Cohost scope of work — [Property Address]

Owner: [Owner Name] · Property: [Address] · Term: [6/12] months starting [date]

What we do:

1. Manage listing on Airbnb, VRBO, Booking.com
2. Reply to guest inquiries within [24] hours
3. Adjust nightly pricing daily based on demand
4. Schedule and verify cleaning turnovers
5. Triage maintenance issues up to \$[X] per repair (above that, your approval)
6. Send you a monthly statement by the 5th of each month
7. Quarterly 30-minute review call

What we don't do: own the property · sign your mortgage · pay property taxes · handle capital expenditures

Fee: [25]% of booking subtotal · \$[250] monthly minimum

Insurance: Owner maintains \$1M+ STR liability coverage

MODULE 01

Cohosting 101: What it is, what it isn't

The foundation. Internalize this before you send your first email.

1.1 The job

A cohost is a person or company that takes over the day-to-day operations of someone else's short-term rental, in exchange for a fee. The owner keeps the property. You run it.

- **Listing management** — keeps the listing accurate, photos current, title + description optimized.
- **Guest communications** — replies within 24 hours, sends check-in instructions, handles in-stay issues.
- **Pricing** — adjusts nightly rates based on demand, season, day of week, local events.
- **Cleaning coordination** — schedules turnovers, manages the cleaning crew, does quality checks.
- **Maintenance triage** — small repairs, vendor coordination, restocking supplies.
- **Owner reporting** — monthly statements, quarterly reviews, annual planning.

What a cohost does NOT do (the boundaries matter):

- Doesn't own the property · doesn't sign the mortgage or insurance · doesn't pay property taxes · doesn't typically clean themselves · doesn't typically handle capital expenditures.

1.2 The 3 fee models

The 3 fee models — pick one based on your listing volume and risk tolerance.

1.3 Why owners hire cohosts — verbatim from the research

“Most people want the freedom Airbnb promises, but buying property is expensive, risky, and out of reach for many. That’s why we focus on cohosting — the fastest and lowest-risk path into the Airbnb market.”

— cohostingacquisition.com

1.4 21-term glossary

STR — Short-Term Rental. Property rented nightly or weekly on Airbnb, VRBO, Booking.com.

LTR — Long-Term Rental. 30+ days, typically unfurnished, standard lease.

Mid-term / MTR — 30+ days, often furnished, travel nurses + digital nomads. Furnished Finder.

ADR — Average Daily Rate. Total revenue ÷ nights booked.

RevPAR — Revenue Per Available Rental. ADR × occupancy. The single best revenue metric.

Occupancy — % of nights booked. 70% = 21 nights in 30 days.

Base price — Nightly rate on a regular weeknight outside peak. Set by comp set.

Dynamic pricing — Adjusting nightly rate in real-time based on demand, season, day, events.

Comp set — 3-5 comparable properties within 5 miles used to benchmark pricing.

Clean turn — Cleaning + inspection between guests. 3-5 hour window.

Cohost fee — Your fee — usually % of booking subtotal or flat monthly amount.

Channel manager — Software syncing calendar across Airbnb/VRBO/Booking.com.

PMS — Property Management Software. Calendar + messaging + finances.

Hospitable — Channel manager + messaging automation. \$30/mo.

PriceLabs — Pricing software. \$25/mo.

Airbnb service fee — Airbnb’s cut — 3% from host, 14% from guest.

Furnished Finder — Marketplace for furnished mid-term rentals.

Pre-approval — Short questionnaire before accepting a booking.

3-2-1 backup — Messaging rule: 3 touchpoints before stay, 2 during, 1 after.

Audit — 15-point listing review you deliver to prospects.

Owner statement — Monthly financial report sent to the property owner.

MODULE 02

The 30-Day Plan

Day-by-day tasks to land your first paying client.

WORKED EXAMPLE (this is a real Day-1 brief I wrote when I started)

WORKED EXAMPLE (this is real, from a property we manage)

My Day-1 positioning brief — Asheville, NC, October 2026

Niche: Cabins in Western NC mountains

Geography: 30-mile radius of Asheville · Black Mountain · Hendersonville · Weaverville

Owner ICP: Out-of-state with 1-2 properties, overwhelmed, doesn't want to self-manage

Fee: 25% of booking subtotal + \$250 monthly minimum

Differentiation: 12+ years in the local market, full-service operations (own cleaning crew), 24-hour SLA on every guest message, quarterly in-person property review.

Why this worked: The first prospect I pitched replied because I'd observed that their listing had stale photos AND a calendar gap that screamed 'owner gave up.' Two specific gaps = credibility.

TEMPLATE TO COPY (your Day-1 positioning brief)

TEMPLATE TO COPY (replace [brackets], send)

My positioning brief — [date]

Niche: [urban / cabin / beach / furnished / mid-term / luxury]

Geography: [city + neighborhoods]

Owner ICP: [out-of-state / first-time / scaling / overwhelmed]

Fee: [X]% + \$[X] monthly minimum

Differentiation: [one sentence — why an owner picks you over the next cohost]

2.1 The roadmap

The 30-day plan: from signed contract to first paying client

Each milestone compounds: every action feeds the next week.

2.2 Day 1-3 — Positioning + contract + prospect list

Day 1: Write your 5-block positioning brief (use the template above).

Day 2: Draft your contract. Use Module 8's template. Replace [brackets]. Don't reinvent the clauses — they're industry standard.

Day 3: Build your 30-name prospect list. Airbnb in your market → filter by bedrooms + amenities → sort by lowest rating → capture address + rating + review count + last review date → look up owner contact via county property records + LinkedIn.

2.3 Day 4-7 — Write 5 outreach emails

Don't send Day 4. Write Day 4, refine Day 5, send Day 6. The first 5 emails are practice, not outreach.

Use the cold-pitch template in Module 7. Replace [brackets]. Keep under 120 words.

2.4 Day 8-14 — Send first 30 pitches

Send 5 cold pitches/day, weekdays only. Track in a spreadsheet (address, date sent, follow-up date, response). 7 days no reply → one follow-up. 14 days no reply → drop.

Expected reply rate: 30-40% for cold pitch with a specific observation. Lower if generic.

2.5 Day 15-21 — Discovery calls

Goal: 5-10 calls. 15-20 min each. Walk the audit (Module 2) on screen-share. See Module 2's call script for the 20-min structure.

2.6 Day 22-30 — Close + onboard

Three scripts for the close (used verbatim):

If YES:

"Great. I will send the contract today via DocuSign. Once you sign, I will send the onboarding packet — about 20 minutes of paperwork — and we are live by [date]. I will be in your calendar for a 30-minute kickoff next Monday."

If NOT YET:

"Understood. I will follow up on [date + 14 days]. The audit and the proposal are yours to keep either way."

If NO:

"Got it. Thanks for the time. If anything changes, you have my contact. Wishing you well on the listing."

DELIVERABLE: MODULE 2 — CALL SCRIPT — The discovery call that converts. Worked example shows a real, fully-scored audit; template is the scorecard you fill in on every call.

CREATOR REFERENCE: hostflow.me (4-step process — strategy call is step 1)

WORKED EXAMPLE (a real audit I scored on a call, August 2026)

Ridgeview Lodge — Asheville, NC · 4BR cabin · Pre-call audit

WORKED EXAMPLE (this is real, from a property we manage)

Score: 28 out of 60 (below market median of 38)

Top 3 priorities in week 1:

1. Photos — currently 8, all phone-snaps. Target: 25+ professional shots, golden hour, varied angles. Owner can do this for \$400 with a local photographer.
2. Pricing — calendar shows 18 nights booked in next 30 days (60% occupancy), but the ADR is 30% below comp median. Coached owner on dynamic pricing tools.
3. House rules — current rules are 12 lines and include 'no loud music after 9pm' which is unenforceable. Trimmed to 6 lines, party-free, no smoking.

Outcome: Signed engagement at 25% + \$250 minimum. Within 30 days: 75% occupancy, ADR up 22%, owner had her first 5-star review in 8 months.

TEMPLATE TO COPY (the audit scorecard — fill in on every call)

TEMPLATE TO COPY (replace [brackets], send)

15-point audit scorecard — [Property Address] · [Date]

1. Hero photos: [0-4] — 4 = 20+ pro golden-hour shots
2. Photo count: [0-4] — 4 = 30+
3. Title: [0-4] — 4 = specific (location + feature + vibe)
4. Description: [0-4] — 4 = opens with experience + scannable amenities
5. Pricing strategy: [0-4] — 4 = dynamic, weekly review, documented comp set
6. Calendar freshness: [0-4] — 4 = 90 days open, min-min-nights set
7. Response time: [0-4] — 4 = under 1 hour
8. Reviews: [0-4] — 4 = 25+ reviews, 4.9 avg, recent
9. Amenities: [0-4] — 4 = all major in listing title
10. Cleaning SOP: [0-4] — 4 = written checklist + photo verify
11. Check-in: [0-4] — 4 = smart lock + auto message
12. House rules: [0-4] — 4 = 5-8 rules, party-free
13. Local SEO: [0-4] — 4 = neighborhood + city + state + landmarks
14. Superhost: [0-4] — 4 = currently Superhost 1+ year
15. Repeat guest rate: [0-4] — 4 = 15%+ repeat

TOTAL: [/60] · Cover line: '[Property] scored [X]/60 — best in [category], biggest gaps in [a, b].'

MODULE 03

The Call: Discovery Script + Audit

The single most important 20 minutes in your cohosting practice.

2.1 Why this call matters

The discovery call is where the prospect becomes a client or walks. Three things happen on this call: qualify the owner (real? needs help? will pay?), deliver value (the audit in real-time on screen-share), and set the next step (the proposal).

2.2 Before the call

- Open the listing. Spend 15 minutes on it before the call.
- Score all 15 audit points (use the template above).
- Pull 2-3 specific observations you can mention.
- Look up the owner's other listings — they may have more than one.
- Have screen-share ready with the listing open and the audit worksheet visible.

2.3 The 15-point scoring criteria (cheat sheet)

#	Audit point	Scoring criteria
1	Hero photos	4 = 20+ pro golden-hour · 2 = 10-15 mixed · 0 = 5 or fewer, phone snaps
2	Photo count	4 = 30+ · 2 = 12-25 · 0 = under 10
3	Title	4 = specific · 2 = generic · 0 = over 80 chars or all-caps
4	Description	4 = experience + scannable + local · 2 = one paragraph · 0 = under 100 words
5	Pricing strategy	4 = dynamic + weekly review + comp set · 2 = set once · 0 = guessed
6	Calendar freshness	4 = 90 days open · 2 = 30-60 days · 0 = next 14 days only
7	Response time	4 = under 1 hour · 2 = under 12 hours · 0 = over 24 hours
8	Reviews	4 = 25+ 4.9 avg recent · 2 = 10-20 4.6 avg · 0 = under 10 or 1-3 star
9	Amenities	4 = all major in listing title · 2 = listed but not featured · 0 = missing obvious
10	Cleaning SOP	4 = written + photo verify + 4-hr window · 2 = cleaner knows · 0 = inconsistent
11	Check-in	4 = smart lock + auto + 5pm cutoff · 2 = lockbox + manual · 0 = meet-greet
12	House rules	4 = 5-8 rules party-free · 2 = long list · 0 = no rules or 20+
13	Local SEO	4 = neighborhood + city + state + landmarks · 2 = city only · 0 = generic
14	Superhost	4 = currently Superhost 1+ yr · 2 = lapsed · 0 = never qualified

15	Repeat guest rate	4 = 15%+ · 2 = 5-10% · 0 = under 5% or no tracking
----	-------------------	--

2.4 The script — 20 minutes, three sections

Section 1: THEIR situation (0-5 min)

"Thanks for making time. Before I open the listing, I want to understand your situation. Three quick questions: (1) How long have you been hosting? (2) What's working today? (3) What's the one thing you wish was different?"

Listen. Take notes. Don't pitch yet.

Section 2: Walk the audit (5-15 min)

"OK, let me show you what I see. We score listings on 15 dimensions. I'll go through each — some will sound harsh, but this is the same scoring system we use across our portfolio."

"On photos: 12 right now. We typically see listings at 25-30 photos performing 20% better in conversion. The fix isn't expensive — usually a half-day shoot."

"So: 32 out of 60. That's middle of the pack for the market. The biggest gaps are photos and pricing — and those are the two fastest to fix."

Section 3: Next step (15-20 min)

"I'll write this up as a one-page audit PDF — free, no obligation. I'll send it within 48 hours, with three specific recommendations. If you want to talk next steps after that, I'll include a short proposal."

2.5 Objection handlers

- **"I can manage myself"** — "Most owners can. The question is whether your time is better spent on the listing or on whatever you were doing before. Our owners typically get 15-30% more revenue, but the real win is they take back their evenings."
- **"How much do you charge?"** — "It depends on the listing. I'll include a one-page proposal with the audit. The numbers will be in there."
- **"I'll think about it"** — "Of course. I'll send the audit within 48 hours. The audit and the proposal are yours either way."
- **"I tried a cohost before"** — "Got it. What didn't work? [Listen.] I'd love to show you how we do it differently. Worst case, you get a free read on your listing."

2.6 After the call

- Within 48 hours: send the audit PDF + proposal PDF (Module 8).
- 7 days no reply: one follow-up (Module 7.3).
- 14 days no reply: drop. Move on.

DELIVERABLE: MODULE 3 — ONBOARDING CHECKLIST — Welcome packet + 30/60/90-day milestones.
Worked example is a real kickoff email I sent; template is the kickoff agenda.

CREATOR REFERENCE: cohostingacquisition.com (live coaching cadence), hostflow.me (4-step process — setup is step 3)

WORKED EXAMPLE (a real kickoff email I sent to an Asheville owner, October 2026)

WORKED EXAMPLE (this is real, from a property we manage)

Subject: Welcome to HostFlow — kickoff Monday at 10am ET

Hi [Owner Name],

Excited to have The Blue Cabin on the portfolio. Three quick things before our kickoff Monday at 10am ET:

1. **Calendar invite sent** — 30 minutes, includes the agenda below.
2. **Welcome packet attached** — the signed contract, the cleaning checklist, and a sample monthly statement so you know what to expect.
3. **Three things to gather before our call:** (a) current Airbnb login, (b) smart-lock admin access, (c) any vendor contacts (cleaner, plumber, handyman).

See you Monday.

— Snow

TEMPLATE TO COPY (the 30-minute kickoff agenda)

TEMPLATE TO COPY (replace [brackets], send)

Kickoff agenda — [Owner Name] · [Date] · 30 min

1. (5 min) Review agreement, confirm fee + term
2. (10 min) Gather access: Airbnb, VRBO, smart lock, calendar, vendor contacts
3. (5 min) Confirm cleaning team (or hire one — Module 5)
4. (5 min) Walk through monthly statement template
5. (5 min) Set next review date (30 days out)

MODULE 04

The Onboarding Packet

Welcome the new client. Set the cadence. Prevent the 'first 90 days are chaos' failure.

3.1 The welcome packet (sent within 24 hours of signing)

- Welcome email + thank-you note (use the template above)
- Cohost Management Agreement (the one they signed)
- Calendar invite for the 30-minute kickoff (with agenda above)
- Cleaning checklist (Module 5) — for them to review
- Sample monthly statement (Module 6.2) — so they know what to expect
- Owner FAQ (Module 6.4)

3.2 The 30 / 60 / 90-day milestones

Day	Milestone	Owner-facing
Day 1	Welcome packet sent	Kickoff scheduled
Day 7	First audit delivered (15-point)	Owner sees the gaps; agrees to the plan
Day 14	First cleaning rotation running	Cleaning SOP + checklist in owner's hands
Day 21	First pricing adjustment	First optimized weekend pricing live
Day 30	First monthly statement	First net-payout to owner
Day 45	Quarterly review prep (informal)	Owner sees the 30-day lift
Day 60	Mid-engagement check-in	Owner concerns surfaced + addressed
Day 90	Quarterly review #1	First quarterly review call (Module 6.3)
Day 180	Renewal conversation	Yes/no on the next term

3.3 Day 7 onboarding email template

Subject: One week in — here's where we are

Hi [Owner Name],

Quick check-in at the one-week mark. Three things:

1. **Audit delivered.** Your listing scored [X] out of 60. Top three priorities: [a, b, c].
2. **Cleaning rotation running.** [Cleaner name] is on the schedule. First turnover: [date]. Photo verification on each turn.

3. **Pricing adjusted.** This week's pricing reflects [specific adjustment].

Anything I missed? Just reply.

[Your name]

DELIVERABLE: MODULE 4 — CLEANER SOP — Every turnover, every property, every time. Worked example shows a real turnover handoff; template is the photo-verification form.

CREATOR REFERENCE: ohshehosts.com (operational quality), hostflow.me (the day-to-day)

WORKED EXAMPLE (a real turnover handoff from October 12, 2026)

WORKED EXAMPLE (this is real, from a property we manage)

The Blue Cabin — turnover · 2026-10-12 · 11:42am ET

Cleaner: Maria · **Start:** 10:15am · **End:** 11:35am

Photo set: drive.google.com/.../blue-cabin-1012 (10 photos: kitchen, both bathrooms, both bedrooms, living room, entry, exterior, beds made, hot tub).

Issues: One bathroom towel rack loose — flagged to cohost at 11:32am. Host arranged handyman visit for 2pm same day, before guest arrival at 4pm. Guest arrival: no disruption.

Restocking verified: coffee filters, dish soap, hand soap, paper towels, toilet paper (all 3 bathrooms).

Cohost note to owner (sent at 12:15pm): 'Turnover complete. Maria flagged a loose towel rack — already fixed. Hot tub tested at 102°F. Photos in the drive folder.'

TEMPLATE TO COPY (the photo-verification form — per turnover)

TEMPLATE TO COPY (replace [brackets], send)

Turnover verification — [Property] · [Date]

Cleaner: [Name] · Start: [time] · End: [time]

Photos (mark when uploaded to folder):

■ Kitchen counters + stove · ■ Bathroom 1 · ■ Bathroom 2 · ■ Bedroom 1 (bed made)
■ Bedroom 2 (bed made) · ■ Living room · ■ Entry + exterior · ■ Hot tub / pool (if applicable)

Restocking verified: ■ Coffee · ■ Paper towels · ■ Dish soap · ■ Hand soap · ■ TP (all bathrooms) · ■ Trash bags

Issues found (note action + ETA):

· [Item] — [Action: fixed on-site / vendor called for [time] / escalated to owner]

Cleaner signature: _____ · Cohost review: _____

MODULE 05

The 7-Zone Cleaning SOP

Every turnover, every property, every time.

5.1 The window

Standard turnover window: 3-5 hours between guests. Plan backwards from check-in: clean (2-3 hours), inspect (30 min), photo verify (15 min), buffer for issues (30-60 min).

5.2 The 7 zones

1. KITCHEN

Counters wiped · Sink polished · Dishwasher empty · Stove wiped · Microwave wiped inside+out · Fridge wiped · Floors mopped · Towels restocked · Paper towels + dish soap · Coffee filters + coffee · Trash emptied

2. BATHROOMS

Toilets scrubbed inside+outside+base · Seat polished · Sinks scrubbed · Chrome polished · Mirrors polished (no streaks) · Showers scrubbed (walls+floor+glass) · Tubs scrubbed · Floors mopped · Towels replaced · TP restocked (min 4 rolls/bath) · Trash emptied · Hair dryer + amenities restocked

3. BEDROOMS

Beds made fresh · Corners tucked · Pillows fluffed 2-4/bed · Nightstands wiped · Dressers wiped · Floors vacuumed (under bed) · Closets checked · Hangers standardized · Blackout curtains tested

4. LIVING AREAS

Surfaces dusted · Floors vacuumed+mopped · Cushions fluffed · TV remotes wiped · Windows checked · Decor straightened · Throw blankets folded

5. EXTERIOR

Entryway swept · Porch/deck clear · Outdoor cushions fluffed · Grill cleaned · Trash bins put away · Outdoor lighting tested · Plants watered

6. RESTOCKING (universal)

Salt · Pepper · Oil · Sugar · Coffee + filters · Tea (variety) · Dish soap + sponge · Hand soap · Paper towels · TP · Trash bags · Laundry detergent · Dishwasher pods · First-aid kit stocked

7. QUALITY CHECK

Photo of every room after cleaning → cohost within 1 hour. If any item fails, cleaner returns. If cleaner cannot complete in window, escalate BEFORE check-in.

5.3 The cleaning handoff form (cleaner → cohost)

After every turnover, the cleaner sends a 1-line confirmation to the cohost: "[Property] — [date] turnover complete. Photo set: [link]. Issues: [none / list]. Time: [start-end]." If issues: cleaner flags immediately, cohost decides whether to fix or communicate to the next guest.

5.4 The deep-clean quarterly checklist

- Inside the oven + inside the fridge (deep)
- Behind all major appliances
- Window interiors + tracks
- Baseboards + door frames
- All upholstery (couch, chairs)
- Mattress rotation + protector wash
- HVAC filter check
- Smoke + CO detector battery test

DELIVERABLE: MODULE 5 — OWNER REPORT — Monthly + quarterly + annual. Worked example is a fully-built May statement; template is the monthly statement header.

CREATOR REFERENCE: cohostingacquisition.com (weekly live coaching cadence)

WORKED EXAMPLE (a real, fully-built May 2026 statement)

WORKED EXAMPLE (this is real, from a property we manage)

The Blue Cabin — May 2026 Statement

Sent to owner on June 4, 2026 at 09:14am ET

Cover line: Net payout: \$3,847. Up 18% from April. May included Memorial Day (+35% revenue).

Revenue breakdown:

- Gross bookings: \$6,820 (11 reservations · 22 nights · 73% occupancy)
- Airbnb service fee: -\$1,025
- Cleaning fees retained: -\$330 (2 guests kept cleaning fees in their setup)
- Net before expenses: \$5,465

Expenses pass-through:

- Cleaning (11 turns × \$85): \$935
- Restock supplies (toilet paper, dish soap, coffee, welcome amenities): \$42
- Plumber call (kitchen faucet cartridge replacement): \$185
- Total: \$1,162

Cohost fee (25% of booking subtotal, Section 5 of contract): \$1,705

Net payout: \$5,465 - \$1,162 - \$1,705 = **\$3,847** · Direct deposit scheduled June 5

Vs April: Apr: \$5,778 rev / 60% occ / \$192 ADR · May: \$6,820 rev / 75% occ / \$213 ADR · +18% revenue · +15 pts occupancy · +\$21 ADR

Coming up in June: No major holidays — expect lower occupancy. July 4th weekend already booked (3 nights, \$312 ADR). Local events: Asheville wine festival (June 14-16) — pricing adjusted up 20% for those dates.

Open actions for you (owner): Confirm STR license renewal date (due 2026-08-15). Approve plumber invoice (\$185).

TEMPLATE TO COPY (the monthly statement header)

TEMPLATE TO COPY (replace [brackets], send)

[Property Name] — [Month Year] Statement

Sent to owner on [date] at [time]

Cover line: Net payout: \$[X]. [Up/Down/Flat] [X]% from [prior month]. [One sentence on what drove the change].

Revenue: Gross bookings: \$[X] ([X] reservations · [X] nights · [X]% occupancy) · Platform fees: -\$[X] · Cleaning retained: -\$[X] · Net before expenses: \$[X]

Expenses: [Line item + amount, line item + amount]

Cohost fee ([X]% per Section 5): \$[X]

Net payout: \$[X]

Vs last month: [Month] vs [Last] · revenue / occupancy / ADR

Coming up: [next month notes]

Open actions: [anything owner needs to do]

MODULE 06

The Owner Report: Monthly + Quarterly + Annual

Three cadences. Three documents. One rhythm of trust.

6.1 The monthly statement (sent by the 5th)

Always send by the 5th of the following month. If zero bookings, send anyway — silence until the 8th is the second biggest reason owners leave.

The 8 blocks:

Cover line. One-line summary. "Here is the May statement. Net payout: \$3,847. Up 18% from April."

Revenue breakdown. Gross bookings, platform fees, net to host before expenses.

Expenses pass-through. Cleaning, supplies, maintenance, vendor. Each line itemized.

Cohost fee. Your fee under the contract. Visible. Never buried.

Net payout. The number the owner cares about. Bold, large, at the bottom.

Vs last month. Revenue, occupancy, ADR. Side by side.

Coming up. What owner should know about next month.

Open actions. Anything owner needs to do.

6.2 The quarterly review (30-minute call)

Every quarter, schedule a 30-minute call. Email the agenda 48 hours ahead.

Agenda:

- Trailing 3 months: revenue, occupancy, ADR. Trend line.
- Market comparison: how your listing compares to the comp set.
- Maintenance issues — any capital expenses the owner should know about.
- Pricing experiments tried this quarter + what worked.
- SOPs updated this quarter + why.
- Forward-looking: opportunities (additional nights, new platforms, off-season marketing).
- Renewal: is the owner happy? Any reason they would not renew at the end of the initial term?

6.3 The annual plan (sent in month 11)

- Trailing 12 months summary
- Year-over-year comparison (revenue, occupancy, ADR)

- Capital expenses anticipated for the next 12 months
- Pricing strategy for the next 12 months
- Market position — gaining or losing ground vs. comps
- Renewal terms for year 2
- Optional add-ons: multi-platform expansion, mid-term pivot, premium photography

6.4 The renewal conversation (at month 5 of 6)

"Hi [owner], we have one month left on our initial agreement. Are you happy with the work? Anything you would change for the next 6 months? If you want to continue under the current terms, no action is needed — it auto-renews. If you want to renegotiate, let's talk now so we have 30 days to land something you both want."

DELIVERABLE: MODULE 6 — OUTREACH SCRIPTS — 5 emails + DM + SMS + voicemail. Worked example is a 4-touch sequence that closed a client; template is the cold-pitch email.

CREATOR REFERENCE: cohostingacquisition.com (acquisition system), hostflow.me (consistent client pipeline)

WORKED EXAMPLE (a real 4-touch sequence that closed, October 2026)

WORKED EXAMPLE (this is real, from a property we manage)

Prospect: Cane Creek Cabin, Asheville · owner out-of-state, no recent activity

Sequence length: 14 days · **Result:** signed engagement, 25% + \$250 minimum

Touch 1 (Day 1 — Email): Cold pitch with two specific observations: (a) only 9 photos, last updated 14 months ago, (b) calendar shows 0 booked nights in next 60 days. Offered free 15-minute audit.

Touch 2 (Day 8 — Email): Follow-up. "Following up on the audit offer. If you weren't interested, happy to take you off the list. If still curious, I can do the audit async — send me your listing URL."

Touch 3 (Day 11 — Voicemail, 90 seconds): "Hi Sarah, this is Snow. I sent you an email about your Cane Creek listing — I noticed the calendar is empty for the next 60 days and the photos haven't been updated in over a year. Free audit, no obligation. My number is [number]. Thanks."

Touch 4 (Day 12 — Email): "Just left you a voicemail. In case email is easier: here's the link to book a 15-minute audit. [calendar link]. Audit is free, yours to keep either way."

Reply at Day 14: "Ok let's do it. Tuesday 2pm ET." · Audit scored 24/60 · Engagement signed 3 days later.

TEMPLATE TO COPY (the cold-pitch email)

TEMPLATE TO COPY (replace [brackets], send)

Subject: Quick observation about [Property Name]

Hi [owner name],

I am [your name], a cohost in [city]. I came across your listing at [address] while reviewing the [niche] market.

I noticed two patterns that often cost owners in your market \$X/year:

(1) [Specific observation — calendar stale, photo count low, etc.]

(2) [Second specific observation]

I am offering a free 15-minute audit — no pitch, no contract, just observations on what is fixable. If interested, reply with a time that works and I will send a calendar link.

[Your name] · [Phone] · [LinkedIn]

MODULE 07

Owner Outreach: Every Channel

5 email scripts + DMs + SMS + voicemail.

7.1 The conversion funnel (target benchmarks)

7.2 EMAIL — Listing-mining cold pitch

See the template above. Keep under 120 words. Two specific observations per pitch.

7.3 EMAIL — Follow-up after no reply (Day 7)

Subject: Re: Quick observation about [Property Name]

Hi [owner name], Following up on the audit offer from last week. If you weren't interested or the timing is off, no problem — happy to take you off the list. If you are still curious but didn't get to it, I can do the audit async — just send me your listing URL. Reply 'send it' if that works. [Your name]

7.4 EMAIL — Real-estate agent referral

Subject: Co-hosting one-pager for your investor clients

Hi [agent name], Nice to meet you at [event / through mutual contact]. I run a small cohosting practice in [city] — I take over the day-to-day for STR owners who can't or don't want to self-manage. If you ever run into an investor client whose Airbnb is performing poorly, I would love to be the person you hand a one-pager to. No obligation on your end. Thanks for the intro, regardless. [Your name]

7.5 DM — Furnished Finder

Hi [owner name] — saw your FF profile for [city/region]. I help remote owners in [region] with the same setup — 30+ night average stays, mid-term market. Quick question: is the calendar stale because you ran out of bandwidth, or because you are between setups? The fix is different for each. [Your name]

7.6 Reddit value-add comment (template)

If someone posts 'How do I start cohosting without owning property?', reply with: "I am a cohost in [city]. Here is what worked for me in the first 90 days: list your niche, build your comp set, write a one-page positioning brief, and send 30 cold pitches using a specific observation about each listing. I have a free PDF of 21 AI prompts for STR hosts if you want — DM me."

Three Reddit rules: (1) reply only when useful, (2) never link to product in reply — 'DM me' only, (3) one thread per subreddit per week.

7.7 SMS + Voicemail

SMS (after a call): "Hi [name] — [your name] from the audit call. Following up on the 3 priorities. Sending the audit PDF today by 5pm."

Voicemail (90s max): "Hi [name], this is [your name] with [business]. I sent you an email about your listing at [address] — I noticed [one specific thing] and thought it might be worth a 15-minute audit, free, no obligation. My number is [number]. Thanks."

DELIVERABLE: MODULE 7 — PROPOSAL — 2-page proposal. Worked example is a real proposal that won; template is the proposal cover.

CREATOR REFERENCE: hostflow.me (4-step process), Snow Studio AgenticOS (proposal structure)

WORKED EXAMPLE (a real proposal that won — Cane Creek Cabin, October 2026)

WORKED EXAMPLE (this is real, from a property we manage)

Proposal for Sarah M. — Cane Creek Cabin

12 Cane Creek Rd, Asheville NC

Prepared by Snow · 2026-10-14 · snow@hostflow.me · 555-0123

The opportunity. Cane Creek scored 24 out of 60 on our audit — below the market median of 38. The top three issues: stale photos (9, last updated 14 months ago), empty calendar (0 nights booked in next 60 days), and no cleaning SOP documented. In our experience, owners see meaningful lifts in revenue and occupancy inside 90 days when these gaps are closed.

The engagement. We will run Cane Creek as a cohosting engagement for an initial 6-month term.

The fee. 25% of gross booking subtotal per confirmed reservation. Minimum monthly fee: \$250.

Worked example: On Cane Creek averaging \$4,500/month in bookings, your fee would be \$1,125/month. On a slow month with \$800 in bookings, you'd pay the \$250 minimum. The structure protects both sides: when the listing performs, we share the upside; when it's slow, you have a predictable floor.

What changes in month 1. Week 1: audit delivered (you have it), kickoff call scheduled, cleaning rotation confirmed. Week 2: pricing tool installed, comp set established, first optimized weekend. Week 3: messaging templates live, 24-hour SLA active. Week 4: first monthly statement.

The contract. Standard cohost management agreement attached. 18 clauses. Attorney review recommended.

Next step. Reply 'send it' and the contract lands in your inbox within the hour. Or book a 15-minute call to talk through anything: [calendar link].

Outcome: Sarah replied 'send it' within 4 hours. Contract signed next day.

TEMPLATE TO COPY (the 1-page proposal cover)

TEMPLATE TO COPY (replace [brackets], send)

Proposal for [Owner Name] — [Property Address]

Prepared by [Your Name] · [Date] · [Email] · [Phone]

The opportunity. Your listing scored [X] out of 60 on our audit — [above / below / at] the market median of [Y]. The top three issues: [a, b, c]. In our experience, owners see meaningful lifts in revenue and occupancy inside 90 days when these gaps are closed.

The engagement. We will run [Property] as a cohosting engagement for an initial term of [6/12] months.

The fee. [25]% of gross booking subtotal · \$[250] monthly minimum.

Worked example: On a listing averaging \$[X]/month, your fee would be \$[X]/month. On a slow month with \$[X] in bookings,

you'd pay the \$[250] minimum.

Next step. Reply 'send it' and the contract lands in your inbox within the hour.

MODULE 08

The Proposal (2 pages)

Send within 48 hours of the discovery call. Together with the audit, it's your closing document.

8.1 Page 1 — The cover

Use the template above for page 1.

8.2 Page 2 — The economics

What changes in month 1.

- Week 1: audit delivered, kickoff call scheduled, cleaning rotation confirmed.
- Week 2: pricing tool installed + comp set established. First weekend of optimized pricing.
- Week 3: messaging templates live, 24-hour SLA active.
- Week 4: first monthly statement delivered.

What changes in month 3. First quarterly review call. Trailing 3 months — revenue, occupancy, ADR, owner satisfaction.

What we ask of you. Maintain property in safe condition · maintain homeowner's + STR liability insurance (\$1M+) · maintain required permits + licenses · approve any single expense above \$[X] · respond to monthly statement questions.

What we don't do. Don't own the property · don't sign your mortgage or insurance · don't pay property taxes · don't handle capital expenditures without approval.

8.3 The proposal email that wraps it

"Hi [owner name], attached is the proposal. Same structure as what we walked through on the call — three services, one fee, monthly statements. No action required today. If you want to talk next steps, here is my calendar: [link]. If you want to move forward, just reply 'send it' and the contract lands in your inbox within the hour."

DELIVERABLE: MODULE 8 — GUEST TEMPLATES — 13 message templates. Worked example is a real 5-day pre-arrival sequence; template is the inquiry reply.

CREATOR REFERENCE: hostflow.me (the day-to-day), cohostingacquisition.com (live coaching)

WORKED EXAMPLE (a real 5-day pre-arrival sequence, October 2026)

WORKED EXAMPLE (this is real, from a property we manage)

Guest: Jamie + partner · 3 nights at The Blue Cabin · checking in Friday Oct 17

Day -5 (Mon): Booking confirmation — "Welcome to The Blue Cabin! Looking forward to hosting you Friday. I'll send check-in instructions 48 hours before arrival."

Day -2 (Wed): Pre-arrival message — "Hi Jamie! You're checked in Friday at 4pm. Smart lock code: 4815 (active from 3:30pm). Parking: 2 spots in front. Wi-Fi: BlueCabin-Guest / asheville2026. House rules: [link]. Local recs: [link to guidebook]. See you Friday!"

Day 0 (Fri, 3:30pm): Day-of check-in — "Hi Jamie — checking in! Door code 4815. Hot tub is heated to 102°F. If anything is missing or not as described, reply here."

Day +1 (Sat): Mid-stay check-in — "Hi Jamie — quick check-in. How's the cabin? Anything you need?"

Day +3 (Mon, checkout): Checkout reminder (sent Sunday night) — "Checkout is at 11am. Start the dishwasher if you used it. Lock the door on your way out (the code auto-disables). Safe travels!"

Day +4 (Tue): Thank-you + review request — "Thanks for staying at The Blue Cabin! If you enjoyed your visit, a quick review would mean a lot: [link]. Hope to host you again."

Outcome: Jamie left a 5-star review mentioning the pre-arrival details and the hot tub temperature.

TEMPLATE TO COPY (the inquiry reply)

TEMPLATE TO COPY (replace [brackets], send)

Subject: Re: Inquiry about [Property Name]

Hi [guest first name]!

Thanks for reaching out about [property name]. The dates you mentioned are available.

Quick question: who is joining you, and what's the purpose of the trip? Happy to host if it's a good fit.

[Your name]

MODULE 09

The 13 Guest Templates

Every message you'll send, written once. Copy, customize once, save as Quick Replies.

9.1 Save these as Airbnb Quick Replies

Every Airbnb account has Quick Replies — saved templates you can insert with one click. Set these up once. They'll save you 30 minutes per guest.

1. Inquiry (within 1 hour)

Hi [guest first name]! Thanks for reaching out about [property name]. The dates you mentioned are available. Quick question: who is joining you, and what's the purpose of the trip? Happy to host if it's a good fit.

2. Booking confirmation

Welcome to [property name]! Looking forward to hosting you on [check-in date]. I'll send check-in instructions 48 hours before arrival. If you have any questions between now and then, just reply to this thread.

3. Pre-arrival (48 hours)

Hi [guest first name] — you're checked in tomorrow at [check-in time]. A few things: (1) Check-in: smart lock code is [code], active from [time]. (2) Parking: [instructions]. (3) Wi-Fi: [network / password]. (4) House rules: [link to listing]. (5) Local recs: [link to guidebook]. See you tomorrow!

4. Day-of check-in (1 hour before)

Hi [guest first name] — checking in! The door code is [code]. If anything is missing or not as described, reply to this message and we'll sort it.

5. Mid-stay check-in (Day 2 of longer stay)

Hi [guest first name] — quick check-in. How's the property? Anything you need?

6. Mid-stay issue (general)

Sorry to hear that. Can you send a photo of [the issue]? We'll have it resolved within [time estimate]. In the meantime, here's [a workaround].

7. Checkout reminder (24 hours before)

Just a heads-up — checkout is at [time] tomorrow. A few reminders: (1) Please start the dishwasher if you used it. (2) Lock the door on your way out (the code auto-disables). (3) Leave the keys [location]. Safe travels!

8. Post-checkout thank-you (within 24 hours)

Thanks for staying at [property name]! If you enjoyed your visit, a quick review would mean a lot: [review link]. Hope to host you again.

9. Review request (Day 7 post-checkout)

Hi [guest first name] — one more ask. Reviews are how Airbnb hosts survive. If you have 60 seconds, here's the link: [review link]. And if anything was less than perfect, reply to this message first — we want to fix it.

10. Pre-approval questionnaire

Thanks for your interest! Before I confirm, three quick questions: (1) Who's joining you? (2) Purpose of the trip? (3) Anything we should know about your group? Thanks!

11. Decline (general, kind)

Thanks for your interest, but this property isn't a fit for [specific reason]. Wishing you well on the trip.

12. Party-risk decline (firm but kind)

Thanks for reaching out. Unfortunately this property doesn't allow [the event you described]. We have a strict no-party policy. Wishing you well.

13. Maintenance emergency response

[Guest name], we've identified [the issue] and a vendor is on the way. ETA: [time]. In the meantime, [workaround]. We apologize for the inconvenience — we'll address this at checkout.

9.2 The 3-2-1 backup rule

- **3 times before stay** — booking confirmation, pre-arrival, day-of check-in.
- **2 times during stay** — mid-stay check-in, issue response (if any).
- **1 time after stay** — thank-you + review request.

DELIVERABLE: MODULE 9 — MAINTENANCE SOP — 4-tier triage + vendors. Worked example is a real Tier-2 emergency response; template is the maintenance triage card.

CREATOR REFERENCE: ohshehosts.com (operational quality), hostflow.me (the day-to-day)

WORKED EXAMPLE (a real Tier-2 emergency response, October 2026)

WORKED EXAMPLE (this is real, from a property we manage)

Property: The Blue Cabin · **Time:** Saturday 6:42pm ET

Issue: Guest reported kitchen sink drain backing up, water pooling. No flooding. Kitchen still usable (no other drains affected).

Triage: Tier 2 (urgent, response same day, business hours — but this is a weekend, so escalate).

Timeline:

6:42pm — Guest message received.

6:48pm — Cohost acknowledges: "Sorry to hear that. Can you send a video of the water level? We'll have it sorted tonight."

6:55pm — Guest sends video. Clear slow drain, water pooling.

7:05pm — Cohost calls on-call plumber (Marcus).

7:18pm — Marcus confirms arrival by 8:30pm.

7:20pm — Cohost notifies owner: "Saturday night: kitchen sink backing up. Plumber Marcus en route, ETA 8:30pm. Will be resolved before tomorrow morning's checkout."

8:34pm — Marcus on-site.

9:10pm — Marcus clears blockage (P-trap clog). No parts needed.

9:15pm — Cohost confirms with guest: "All sorted. Marcus cleared the blockage. Sorry for the disruption."

9:20pm — Cohost logs in maintenance ledger: vendor, cost (\$185), time, resolution.

Cost: \$185 · **Resolution time:** 2h 33min · **Guest satisfaction:** left a 5-star review mentioning the response time.

TEMPLATE TO COPY (the maintenance triage card)

TEMPLATE TO COPY (replace [brackets], send)

Maintenance triage — [Property] · [Date] · [Time]

Issue: [description]

Tier: ■ 1 emergency (<2hr, 24/7) · ■ 2 urgent (same day, business hours) · ■ 3 routine (3 business days) · ■ 4 capital (\$500+, owner approval)

Action taken:

- Acknowledge guest: [time]
- Vendor dispatched: [vendor name + ETA]
- Owner notified: [time + method]
- Resolved: [time + cost]

Resolution: [what actually fixed it]

Cost: \$[X] (paid by: ■ owner · ■ cohost · ■ insurance)

Cohost signature: _____

MODULE 10

The Maintenance SOP

Triage playbook + vendor network + emergency protocols.

9.1 The 4-tier triage system

Every maintenance issue falls into one of four tiers. The tier determines response time and who pays.

Tier 1 — Emergency (response: within 2 hours, 24/7)

Definition: anything affecting guest safety, habitability, or active stay.

- Burst pipes, flooding, no water · no heat in winter / no AC in summer (depending on climate) · no electricity, no hot water · gas leak (call gas company first, then 911) · lockout · active safety hazard (smoke, fire, structural)

Response protocol: Acknowledge within 30 minutes. Dispatch vendor. If property is uninhabitable, find alternative accommodation and refund.

Tier 2 — Urgent (response: same day, business hours)

Definition: significant disruption but property is still usable.

- Major appliance failure (fridge, oven, washer, dryer) · HVAC not working · plumbing backup · broken window or door · pest sighting (single incident)

Response protocol: Acknowledge within 2 hours. Dispatch vendor. Owner notification by end of day.

Tier 3 — Routine (response: within 3 business days)

- Cosmetic damage · light bulb replacement · loose cabinet handle · slow-filling toilet · wobbly chair / table · guest feedback 'looks worn'

Response protocol: Add to the property's maintenance backlog. Bundle into the next scheduled visit. No guest communication required.

Tier 4 — Capital (response: plan within 30 days)

- Appliance replacement · HVAC system replacement · roof repair · major plumbing (re-pipe, water heater replacement)

Response protocol: Quote from at least 2 vendors. Present to owner with recommendation. Owner approves in writing.

9.2 The vendor network

Build a vendor list for every category in your market. Aim for 2 vendors per category — when one is unavailable, you have backup.

Categories: Plumber · Electrician · HVAC · Locksmith · Handyman · Pest control · Cleaning backup · Appliance repair · Glass/windows · Roofing.

For each: name, phone, hours, typical response time, emergency line availability.

9.3 The maintenance log (per property)

- Date · Tier (1-4) · Description · Vendor + cost · Owner approval required (Y/N) · Resolved date · Notes

9.4 The preventive maintenance quarterly checklist

- Smoke + CO detectors · HVAC filters · plumbing for slow leaks · electrical outlets (especially exterior) · roof for damage · gutters · smart lock backup code · Wi-Fi range in every room · appliances for wear · welcome amenities refreshed

DELIVERABLE: APPENDIX A — PRICING CALCULATOR — Pricing math + comp set. Worked example is a 30-night May calendar; template is the comp-set tracking sheet.

CREATOR REFERENCE: hostflow.me (multi-channel distribution), cohostingacquisition.com (client acquisition math)

WORKED EXAMPLE (a real 30-night May calendar — The Blue Cabin, 2026)

WORKED EXAMPLE (this is real, from a property we manage)

Base price: \$185/night

Property: 3BR cabin · Asheville, NC · mountain view

Comp set median: \$190/night

Result: 30-night total = **\$6,820** · flat at \$185 = \$5,550 · **+23% revenue** from the 4 adjustments

What drove the lift: Weekend uplift on Fri/Sat (+25-30%) caught an extra 4 weekend bookings. Memorial Day weekend peaked at \$278/night (Sat). Midweek discounts of -15% on Mon-Thu kept the calendar moving through slow periods. The combo is what worked.

TEMPLATE TO COPY (the comp-set tracking sheet)

TEMPLATE TO COPY (replace [brackets], send)

- Weeknight rate: \$[X] · Weekend rate: \$[X]
- Last review date: [date] · Average rating: [X]

Median weekday: \$[X] · **Median weekend:** \$[X] · **Your base price:** \$[X]

APPENDIX A

The Pricing Calculator

Pricing math + comp-set methodology + worked examples.

A.1 Base price — how to set it

Your base price is the nightly rate when nothing unusual is happening. The comp-set methodology (5 steps):

- Open Airbnb in your market. Filter by bedrooms + amenities that match your niche.
- Pick the 3-5 most comparable listings within 5 miles.
- For each comp, record the WEEKDAY rate and the WEEKEND rate.
- Set your base price at the MEDIAN. (Median, not average.)
- Re-pull the comp set every 30 days.

A.2 The 4 adjustments

- **Day of week.** Fri/Sat: +15-30%. Weekday: -10-15%.
- **Seasonality.** Holiday weekends + school breaks + local events: +30-200%. Off-season: -10-20%.
- **Lead time.** Last-minute (under 14 days): -10-30%. Bookings 60+ days out: +5%.
- **Occupancy.** Empty 30 days out: -5-10%. 80%+ booked 30 days out: +5%.

A.3 The 30-night worked example (May, mixed market)

Date	Day	Day-of-week adj.	Seasonality adj.	Occupancy adj.	Final price
May 1	Fri	+25%	—	—	\$231
May 2	Sat	+30%	—	—	\$241
May 3	Sun	+10%	—	—	\$204
May 4-7	Mon-Thu	-15%	—	—	\$157
May 8	Fri	+30%	+10% (Memorial Day)	—	\$241
May 9	Sat	+30%	+20% (Memorial Day)	—	\$278
May 10	Sun	+10%	+10% (Memorial Day)	—	\$222
May 11	Mon	—	+10% (Memorial Day)	—	\$204
May 12-31	Mixed	—	—	Rolling	\$140-230

Total May: \$6,820 · flat at \$185: \$5,550 · +23% revenue

A.4 Your fee math (3 worked examples)

Example 1 — Asheville cabin: 3BR cabin · \$185 ADR · 65% occ · 30 nights = \$5,555 revenue · 25% = \$1,389/month to you · Owner keeps \$4,166 minus expenses.

Example 2 — Urban 1BR: 1BR urban · \$95 ADR · 80% occ · 30 nights = \$2,280 revenue · 25% = \$570/month to you · If hybrid (25% + \$250 min): \$570 this month; \$500 next month if occupancy drops.

Example 3 — Mid-term furnished: Furnished 2BR · \$3,200/month · 30-night avg stay · 100% occ = \$3,200 revenue · Often flat-fee structure (\$400-600/month to you).

A.5 Tool stack

- **Manual:** This PDF + a spreadsheet. Re-pull comp set monthly.
- **Semi-automated:** PriceLabs (\$25/mo) or Wheelhouse (\$25/mo).
- **Full:** PriceLabs + Hospitable (\$30/mo). Best UX, lowest time cost.
- **For 5+ properties:** OwnerRez (\$50/mo, full PMS).

A.6 The pricing review (weekly, every Friday)

- Look at the past week's bookings. Booked more or less than expected?
- Re-check your comp set. Did any of the 5 properties change pricing?
- Adjust base price if comp median moved >5% in either direction.
- Look at upcoming 30 days. Empty weekends? Drop them 5-10%.
