Owner outreach email templates

Five email scripts for finding your first 5 owners. Each one is a specific situation, not a generic cold-pitch template. Replace the bracketed text with the real listing-specific detail before sending.

1. Listing-mining cold outreach (primary channel)

When: you spot a stale listing in your market.

```
Subject: Quick observation about [Property Name] Hi [owner name], I'm [your name], a cohost in [city]. I came across your listing at [address] while reviewing the [cabin / urban / etc.] market. I noticed two patterns that often cost owners in your market $X/year: 1. [Specific observation – calendar stale, photo count low, etc.] 2. [Second specific observation] I don't have anything to sell. I'm offering a free 15-minute audit if you're curious whether this is fixable. Reply with a time that works and I'll send a calendar link. [Your name] [Phone if comfortable] · [LinkedIn if kept current]
```

2. Real-estate agent referral ask

When: you're meeting a new real-estate agent.

```
Hi [agent name], it was great meeting you at [event / through mutual contact]. I run a small cohosting practice in [city] – I take over the day-to-day for STR owners who can't or don't want to self-manage. If you ever run into an investor client whose Airbnb is performing poorly – calendar stale, reviews dropping, owner overwhelmed – I'd love to be the person you hand them a one-pager about. I've attached a one-page overview you can forward. No obligation on your end. If it works out, I'll send a small referral fee per signed owner. Thanks for the intro, regardless. [Your name]
```

3. Furnished Finder profile DM

When: a remote owner is browsing for help on Furnished Finder.

```
Hi [owner name] – saw your FF profile listing for [city/casino/etc.]. I help remote owners in [region] with the same setup – 30+ night average stays, mid-term market, owner has never visited the property. Quick question: is the calendar stale because you ran out of bandwidth, or because you're between setups? The fix is different for each. [Your name]
```

4. Discovery call follow-up (within 4 hours)

When: you just got off a 30-minute discovery call with a prospect.

```
Hi [name], thanks for the time on the call. Quick recap: - Property: [address / cabin name] - Current setup: [1 line summary] - Goal: [their own words from the call] Two follow-ups before I send the audit: 1. Can you send last 6 months of revenue from the listing (screenshot from Airbnb dashboard is fine)? 2. Is the property licensed with the city? Permit number if yes. Audit will be in your inbox by [day]. I'll book the follow-up call at the time we agreed – [day, time]. [Your name]
```

5. Audit delivered — next step nudge

When: you sent the audit, scheduled the follow-up, no reply in 5 days.

Hi [name] – quick check-in. The audit was last week; you mentioned wanting to discuss the proposed fixes and the engagement model. If now isn't the right time, no problem. If still interested, I'm holding [day, time] on my calendar through [date]. Reply with a quick yes and I'll confirm. Either way, [one specific thing from the audit that I can leave you with]. Hope it helps regardless. [Your name]

What these templates are not

They are not marketing copy. They are not auto-sequences. You will need to write each one yourself for each prospect. The five templates give you the shape — the specific observation, the ask, the no-pressure close.

For the 4-week automated post-purchase email sequence you should send after a buyer signs, see Module 09 of the Cohosting Startup Kit.
