Cohost First 30 Days — owner onboarding workbook

A structured 30-day plan for the first month on a new property. Designed for owners who have just hired you. They (or you on their behalf) walk through this workbook and end the month with a running property, documented SOPs, and a clean Q2 path.

Week 1: Discovery + Audit

Day 1-2: Discovery call

- Goals of the call
- Open questions to ask
- Documents to request
- Personality and tone of the owner

Day 3-4: Listing audit (Module 05 of the Kit)

- Run the 15-point audit
- Identify the top 3 fixes for week 1
- Identify the top 3 fixes for month 1

Day 5: Audit delivery + proposal

- Deliver the audit in one page
 - Propose the engagement model + fee
 - Set the follow-up call
-

Week 2: Setup

Day 8: Master calendar ownership

- Get login to Airbnb / VRBO / Booking.com / Furnished Finder
- Verify calendar sync between all platforms
- Set backup calendar (Google Calendar shared with owner)

Day 9: Tools and accounts

- Pricing tool (PriceLabs / Wheelhouse / Beyond Pricing)
- Channel manager if multi-platform (if needed)
- Smart lock access shared with your phone + backup
- Cleaning crew intro and turnover system access

Day 10-11: Document everything

- Current photo set, dated
- Current description text
- Current rules and policies
- Current pricing rules
- Current cleaner roster

Day 12-13: Listing fixes from the audit

- Photos updated
 - Description updated
 - Pricing strategy implemented
 - Instant-book decision made
-

Week 3: Soft launch**Day 15: First new booking under your management**

- Pre-approval sent (Module 06 script)
- Guest screened
- Booking accepted

Day 16-17: First stay setup

- Cleaner scheduled
- Guest instructions sent
- Check-in coordination (smart lock code, parking, etc.)

Day 18-20: First guest experience

- 24-hour response promise enforced
 - Proactive check-in if stay is 4+ nights
 - Issue handling as it comes up

- Open actions for the owner

Day 23-25: First quarterly review call (condensed)

- 30-minute call covering month 1
- Goals for month 2
- Pricing experiments planned

Day 26-28: 90-day checkpoint

- What worked in month 1
- What you would change
- Owner feedback collected
- Engagement renewal confirmed or pivot planned

Day 29-30: Document the SOPs

- What worked this month, written down for property #2
 - What you would change, written down
 - SOPs that are now stable enough to delegate to a cleaner or VA

What this workbook does not cover

It does not cover the existing Cohosting Startup Kit modules. Treat this workbook as a 30-day execution overlay you run alongside Modules 01-10. You will reference the modules multiple times in 30 days; they are the reference manual, this workbook is the calendar.
